FREQUENTLY ASKED QUESTIONS

Q: What if my pet is incredibly hard to photograph?

A: Great question! And here's some good news...

Kelsey is a professional photographer and dog trainer, and she has worked with a vast range of animals. Everything from a terrified horses and hyper active dogs to not so friendly cats, she believes in her ability and skill.

Q: How many animals / people can be in the photo session?

A: As many as we can fit! We need to be able to control the attention span of all participants, so we will discuss the number and decide whether or not assistants are needed.

Q: When will we meet to choose a Signature Art Piece, Souvenir or A La Carte?

A: We will schedule a Premier Ordering Session for approximately two weeks after your photo session and you will be able to view and decide on your desired materials from the comfort of your own home.

Q: What does "shoot on location" mean?

A: It means that I will travel to the location where you and / or your pet(s) are most comfortable for the photo session. This may be at the dog park, the beach or in your own back yard.

BOOK YOUR PHOTO SESSION TODAY!
